ATTENTION MOA MEMBERS - Join MOA's BE ONE GET ONE Membership Campaign

As a member of the MOA and AOA, you understand the importance and value of supporting your professional association and protecting your livelihood through organized optometry. There are many optometrists licensed in Maryland who are not members, so we are working to change that and strengthen our association. One way that we hope to make a difference is through our BE ONE GET ONE membership campaign.

Through your participation, you could have the MOA portion of your dues paid for 2012! We will pay \$100 towards your 2012 dues for each optometrist that you refer to the MOA who becomes a member. That's right; the MOA could pay the state portion of your membership dues (up to \$700).

It's easy! Just seek out a friend, colleague, partner, classmate, or co-worker who is currently not a member. Share your story of why you feel the MOA represents you, your needs, and the needs of your patients. If we want a greater voice for Optometry, scope expansion, and better patient access in Maryland, the bottom line is that we need to increase our membership. If you provide a referral, please tell the prospective member to inform us when filling out their membership application that you referred them, and when they are an official member of the MOA - after making their first dues payment - you'll have \$100 deducted from your 2012 dues. The campaign will run from March 1 through December 31, 2011. Questions? Call the MOA at 410-727-7800 or e-mail us at MOA@assnhqtrs.com.
